Dragon Dive Komodo: A Dive into Paradise

I recently had the pleasure of diving with Dragon Dive Komodo in Labuan Bajo, and it was an unforgettable experience. The dive sites were stunning, with vibrant coral reefs and diverse marine life.

What truly made the trip exceptional was our dive master, Erika. Her expertise, patience, and enthusiasm were contagious. She was incredibly knowledgeable about the marine ecosystem and made sure we had a safe and enjoyable dive. Her ability to spot fascinating creatures, from tiny nudibranchs to majestic manta rays, was truly impressive.

If you're planning a diving trip to Labuan Bajo, I highly recommend Dragon Dive Komodo. With their experienced staff and top-notch equipment, you're guaranteed an incredible underwater adventure.

We cannot recommend Dragon Dive Komodo enough, we had the best three days diving with them and the room was super comfortable too! Everyone is so kind, helpful and friendly, right from the beginning with Felix at reception. Our scuba instructor was Luiza and she was absolutely amazing, we had such a good time with her and she made the advance open water course so fun. We would love to dive with her again one day!! Francois was so helpful with sorting out our courses, the other scuba instructors Sarah (one and two) were really great and all of the crew and local scuba guides on both boats were so fun and efficient, especially Jeffrey and Marcel! The diving was amazing, we felt so safe the whole time, and everything ran so smoothly. We only wish we could have stayed longer!
